

Organize your care, get the support you need and access information

Patient Link provides a connection to your care. From health history, labs, medications and more - patients can receive and upload information so everything is in one place. Keep track of appointments, access personalized education, and connect with a community of others like you.

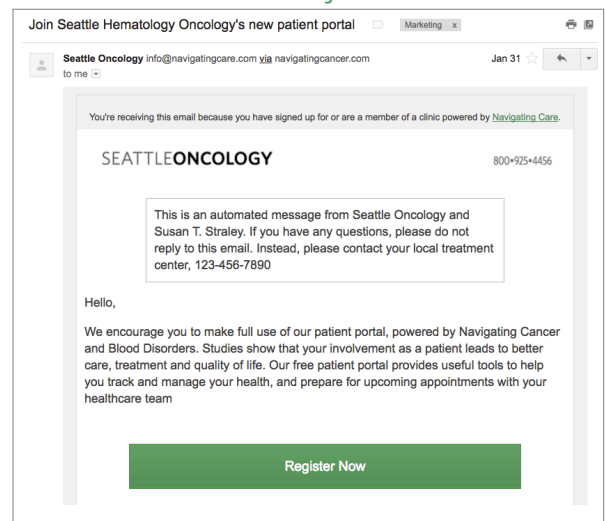

1. When the email invite arrives, click on the green button that says "Register Now" which will take you to the registration page
2. Enter your date of birth
3. Choose a password that is a least eight characters in length
4. Next confirm that you are the patient
5. On the next two screens you will have the opportunity to opt-in to receive educational information and join the Navigating Care community.
6. Next review and accept the Terms of Use for the portal
7. Click the "Complete Registration" button to complete the process

To return to the portal later, go to www.navigatingcare.com/account/login and enter your email and password.

For additional help, call 1-800-925-4456 or email support@navigatingcare.com.

Watch for an invite to join

Receive personalized education

Patient Education

Consent for Enrollment

Seattle Oncology can provide you with educational materials to help you learn more about your diagnosis and treatments. Patient education may also include medication safety information and potential side effects to watch for.

Would you like to enroll in Patient Education?

Yes, please enroll me.

Connect with others like you

Join Navigating Cancer's Community

Seattle Oncology works with Navigating Cancer to offer you additional cancer resources and connect you with a nationwide community of survivors and supporters. You can read about the experiences of others, and optionally choose to share your experiences to help others. No one from the Community will have any visibility into your personal health records.

Join the community (public site).

Create a private account (visible to network only).
